Harvest Update

Grain receivals (tonnes) at GrainCorp's sites as at 17 December 2018¹

	Since last report	Total
Queensland	1,900	105,900
New South Wales	21,400	587,900
Victoria	129,600	889,200
Total grain receivals		1,583,000

Transhipments via port	23,700	325,700
Total network		1,908,700

Given the drought conditions this harvest, a significant share of production is expected to remain on farm or be delivered direct to domestic consumers.

COMMENTARY:

- Some decent rainfalls received across Darling Downs boosting prospects for summer crops.
- Late barley and chickpeas crops coming in to Northern NSW, with harvest largely wrapped up across the state.
- Harvest in Victoria disrupted by heavy rains across the Southern Mallee and Central regions, but most areas expected to be back underway by Wednesday.
- Reminder: GrainCorp is participating in the Victorian Grain Harvest Management Scheme – [more info here](#).
- New podcast discussing the Canadian harvest and supply chain is now available on the [Season Update](#).
- Please note: The next harvest update will be published on Monday 31 December 2018.
